

BESIDE THE THRONE:

AHINOAM AND SAUL

Escape is not an option. Faith is not enough.

OVERVIEW

Every man has corners of his soul that only his wife sees. Ahinoam has shared King Saul's years of apprehension, warfare, and achievement. When her husband surrenders to darkness, she comes to know Evil's cruel embrace.

Saul's tyranny grows murderous, heightening Ahinoam's agony. Young David and others are driven from the king's presence, but escape is not an option for his wife.

Deliverance comes in nearness to God, but intimacy with Light carries a price. The war of good versus evil advances to a contest of love versus hatred. Ahinoam cannot turn away from her husband because she will not turn away from her God—however high the cost.
